

**KATIKATI COLLEGE**

**2023**

**YOUR FUTURE IS HERE**

## NAU MAI, HAERE MAI WHANAU KI TE KURA TUARUA Ō KATIKATI

***Welcome, our door is always open.***

Choosing the right school for your child is one of the most important decisions you will make to prepare them for their future. Katikati College is a rural, co-educational Year 7-13 school located in the heart of our community. We offer you and your child a well balanced education that embraces the whole student. We will support, motivate and challenge your child to achieve their personal best. Our core values of Manaakitanga, Ako, Rangatiratanga and Kotahitanga underpin everything we do and stand for as a school. We will ensure that your child is able to make their MARK on their education journey.

As a smaller school, every child is known and has a significant adult that is able to provide Manaakitanga (care for others)

for them. There are strong connections across all ages of our students through sports, culture and the arts. We truly believe that it takes a village to raise a child and it is this sense of community that we see as a key strength of our school.

Learning and academic success are fundamentally what we are about as a school. Our students have a strong tradition of outstanding academic achievement and excellence. This focus on Ako (learning) is not just what happens inside the classroom. We expect our students to experience learning throughout the school in their involvement with sports, arts and culture. Students from Katikati College represent at local, regional and national level in sports and arts pursuits.

Our staff are dedicated professionals

who are continually looking for ways to develop and enhance the learning opportunities for your child. This Rangatiratanga (leadership) allows for a wide range of pathways for our students involving local community connections.

As a school, we do not just enrol your child; we want to make sure that you are involved with their education journey. The success of us all working together - child, whānau, school and community provides the Kotahitanga (unity) that enables your child to succeed.

We aspire to be the school of choice within our community. Please take the time to come and visit our school to see who we are and what we are about.

**Louise Buckley - Principal**

## OUR CULTURE

**Katikati College is an innovative learning community where we act with integrity and have pride in who we are and what we believe. We empower our learners to achieve personal excellence.**

# OUR CORE VALUES

Our innovative school programmes build character and are framed by the core values we express through the principles of 'MARK'. Through these values our students learn to be confident, connected with the community and comfortable with the concept of hard work and maximising opportunities.

## WE WILL HELP YOU TO MAKE YOUR

# MARK

### Manaakitanga

Putting others before yourself

Caring for yourself, others and the environment.

### Ako

Teachers and students learning together

Sharing ideas and helping each other with learning.

### Rangatiratanga

Managing ourselves and showing leadership

Being in the right place at the right time. Having the right equipment. Completing all your work to the best of your ability.

### Kotahitanga

Working together

Participation. Collaboration. Cooperation. Unity.

TODAY >>>

OUR TOMORROW

## STRATEGIC GOALS for 2018 - 2023

### Learners

All members of our learning community are learners. Provide personalised programmes that meet the needs and aspirations of all learners and inspire a passion for lifelong learning.

### Learning Environment

Provide a culturally responsive environment which is positive, predictable, consistent and safe.

### People

Our staff and students are all learning leaders. Attract, develop and retain inspiring staff who are mentors and facilitators of our learning community.

### Growth

Building capacity, learning leaders. Foster the physical, cultural, personal and social development of each individual, to build the collective capacity of our learning community.

### Resources

School operations. Develop, maintain and efficiently utilise physical and financial resources to support the College's strategic goals, ensuring long-term sustainability and on-going development.

### Connections

Community engagement. Engage meaningfully and collaboratively with the wider school community and strengthen partnerships between the College, caregivers and whānau.

Student Leadership Team 2022

# BECOMING ONE OF US

## TRANSITIONING INTO YEAR 7

**We ensure that the decision to choose Katikati College is the right one for all of our students. Each student is welcomed and accepted as an individual, whilst being given a space where they belong as part of the group. We do our utmost to ensure a safe, positive environment for all new students.**

To ensure that the transition is a comfortable one, we not only visit contributing schools prior to enrolment, but also host a Transition Day during which our new students can meet their teachers and future friends. They will also get to meet the support staff who will be there to support their needs every step of the way.

There is no denying that our Year 7 and 8 facility is one of vigour, vitality, passion and innovation. Together we inspire one another and our students to achieve the best possible outcomes. The rapport and connection that we make with our students in Year 7 remains with them as they undertake their new educational endeavours throughout their time at our College.

**But don't just take it from us  
...ask our students!**

# KOTAHITANGA

“ Becoming a Year 7 looks and sounds easy but on the first day with the whole college I was scared but slowly I grew confident and made new friends and met some old friends too. College is so much better. You get better basketball hoops, you learn way more skills, and best of all there are different periods, new subjects every hour it's great. My personal favourites are P.E, Science and Kiwican. The teachers are super nice including, the principal. Before I was scared but now it feels normal. ”

**Khushraj Singh - Katikati Primary School**

“ Going from primary school to Katikati College, I felt really nervous because barely any of my friends were coming with me. But in week one I made lots of new friends. Some of the things that are different from primary school are that there are technical classes which are super fun, especially Food Tech, where we get to cook and bake. We also do Science which is a whole new learning experience. I really enjoy having my day put into a timetable. Each hour long block of the day is full of learning so I have learnt so much already. ”

**Sophia Negretti - Waihi Beach School**

“ During the Christmas holidays I sat down and thought about what college would be like, rinse and repeat for days after days. When the day actually came I was sitting down listening to the teachers say who was in their classes which was a huge deal to me. One of the teachers said all of my friends names and not mine which got me very nervous but when I went to my class to my surprise I was in a pod class with all my friends which made me way less stressed. Coming from the primary I know how everyone talks about college going in I thought that it was going to be tough and really hard. But it is way more chill than I thought and it is best to not go into college thinking it's really tough because that will put on more stress than needed.”

**Perry Money - Katikati Primary School**

“ Being a Year 7 at Katikati College is a great experience. For example you get to do Technology and Science which are very fun to learn about. I have a really cool teacher and class and I have made new friends in the terms and love doing Maths, P.E and Technology also Science as well. Athletics day and cross country was a great experience for me to work really hard to get where I got in the time frame I was given. Going to Katikati College has given me the opportunity to learn some skills in basketball along with learning how to strategize in playing. Katikati College is a great place to be educated and taught new things and gives you opportunities as well.”

**Lydia Tata - Katikati Primary School**

“ When I was a Year 7 I had an awesome time. When I started I was very nervous about coming, but having people I already knew at Katikati College helped. I got to meet my teacher and she shared a lot of the same interests as me. Every support figure helped me with my education. I found that there were barely any bullies at Katikati College which was great because I had been to 3 different primaries. Also coming from a very small school to a big school I was not expecting to earn an academic prize which goes to show that Katikati College teaches us a lot.”

**Claire Frewin - Waimata School**

“ Being new as a Year 7 student can be a little nervous sometimes. You don't feel comfortable around people, but sometimes you have to push through it and use resilience, be brave and meet new people, make new friends, even meet friends from your old primary school. Meet new teachers and learn new subjects. Following the teacher's rules can be hard but you can do it. Have respect for those who teach you and those who helped you at school. There's many things to do at school so do them and one day you will become a Year 13.”

**Raid Mohamad Fauzi - Pahoia School**

# 2022 JUNIOR LEADERS

“ Katikati College is a great school, everyone is friendly and helps each other out. The best part about being a Katikati College student is being able to move classes and not be in the same class for every subject. My favourite achievement so far has been getting Head Boy for 2022. I am proud to be part of Katikati College because everyone is welcoming and you don't have to be great at everything that you do. For someone new starting the school I would say to give everything a go and take all of the opportunities that you can. ”

**Toby Gilbert - Year 8 Head Boy**  
(Waihi Beach School)

“ Katikati College is a great school with so many opportunities. Being a small school it allows teachers to help more students so they can succeed. Katikati College is multicultural and everyone is welcoming. I am proud of being Year 8 Head Girl this year, it is great and has pushed me out of my comfort zone. My advice to anyone joining Katikati College is to get involved as much as you can. ”

**Lilly Winter - Year 8 Head Girl**  
(Pahoia School)

“ The best part about being a Katikati College student is the friends I have made over the years. It is very cool that I'm going to the same school that my mum did when she was young. While I have been at Katikati College I have achieved making a clock in wood work and being a Sports Captain. This makes me very proud. My advice to new students and parents is that the College is a fun place to be. People are cool, sporty and friendly. ”

**Joshua King - Year 8 Sports Captain**  
(Katikati Primary School)

“ The best part of being a student at Katikati College is the wide range of opportunities available. While at the College I have been able to achieve many sporting champion awards and also a member of the Leo's Club. It makes me proud to be part of the College and having the opportunity to be successful or at least give everything a go. If you are considering coming to Katikati College come for a tour and ask lots of questions, see what the school can offer you. ”

**Blake Stevens - Year 8 Sports Captain**  
(Katikati Primary School)

“ The best part about being a Katikati College student is there are lots of opportunities to sign up to and things to take part in. It makes me proud to be a Year 8 Academic Captain. I love to be a part of this school because the teachers are really nice and there are lots of sporting opportunities. My best advice to students or parents considering Katikati College is there are lots of opportunities not just indoor learning but outdoor as well. ”

**Emma Turton - Year 8 Academic Captain**  
(Katikati Primary School)

“ The reason I would recommend to Katikati College is because everyone here at this school is very respectful and also really generous. I like being a Cultural Captain because it helps engage me to be a confident public speaker. To new students to the College I would say try everything. ”

**Vansh Chopra - Year 8 Cultural Captain**  
(Katikati Primary School)

# LEARNING PATHWAYS

## CURRICULUM FRAMEWORK

**The teaching curriculum at Katikati College is designed to provide a wide range of personalised and collaborative learning experiences.**

We provide students with opportunities to develop capabilities in all Key Competencies and 21st Century Skills,

while covering all aspects of the New Zealand Curriculum. Students' learning programmes may consist of any combination of the courses below.

Our staff work with students and their families/whānau to develop personalised learning programmes that align with their preferred career pathways.

**Learning is our key focus and we work to provide courses that:**

- Develop leadership, adaptability and ownership
- Provide authentic learning opportunities which connect with our community resourcing and expertise
- Allow students to experience success and achieve personal excellence

- Develop curiosity and encourage a love of learning that ensures it will happen anytime, anywhere, always!

**For more information, please visit our school website.**

Food, Fabric, Metal, Wood, Digital Technology

#### Gateway/Careers

STAR courses, Early Childhood, Trades Academy, Farming

Note: Courses provided in the timetable are dependent on the number of students selecting the course meeting minimum criteria.

# SPORTS

**All of our students have the opportunity to participate in a huge range of sports activities that are good for the mind, body and soul. From team sports to individual opportunities, we encourage everyone to participate and challenge themselves to find what's just right for them.**

Participation in school sports supports the healthy growth of the heart, lungs, muscles and bones. It also improves agility, coordination and balance. Exercise also helps reduce stress levels, anxiety and behavioral problems and can have a positive impact on emotional well-being

which can help improve a student's school performance.

Playing sports with classmates can motivate and help students with their confidence as they can engage in friendly competition and form new friendship groups. We employ a dedicated sports coordinator to plan, organise and inform our students about sporting opportunities available in school or in the community.

We uniquely sit in two sporting regions, Bay of Plenty and Thames Valley. This enables us to take part in a wide range of events including weekly leagues and one-day tournaments. There are many have-a-go opportunities as well as competitive competitions and representation. Katikati

College runs school-wide competitive and participation events for athletics, swimming and cross-country as well as championships in ki-o-rahi, tennis, triathlon and squash.

Our school teams consistently produce competitive results and have many national and regional representatives in our ranks. We welcome any help with coaching or managing from within our community.

For more information about sports opportunities available to our students please contact our Sports Coordinator by emailing:  
[sports@katikaticollege.school.nz](mailto:sports@katikaticollege.school.nz)

By Surfshotsnz

# ARTS

**The Arts are alive at Katikati College with Music, Dance, Drama and Visual Arts a vibrant part of school life.**

There are numerous cultural and performing arts opportunities for students to actively engage with, meet new friends, refine skills and have fun! Some of the exciting activities on offer are learning musical instruments, art activities, workshops with professional dancers and musicians, cultural dance festivals, competing in regional and national competitions, community performances and trips to live theatre.

In Drama we proudly compete in the annual Sheilah Winn Shakespeare competition and we showcase our work within our local community as well as go on trips to see live theatre locally and in Auckland.

We have opportunities to work with professional dancers and learn choreography that has been seen on the world stage as well as choreographing and showcasing our own talent. Showquest is an exciting inter-school competition led by our Seniors and is a great way to meet new friends and become part of the Performing Arts whanau.

Arts opportunities include: Senior Art Exhibition • Extra Curricular Activities • Dance Troupe • Debating • Divas and Divos • Jazz Band Junior Arts Show • Junior Arts Promenade • Kapa Haka • Lip Sync Music Tuition • Pasifika Group • Peer Support Rock Quest • Shakespeare Competition • ShowQuest • Talent Quest • Culture Week • Concert Band

Government funded music lessons in flute, clarinet, saxophone, trumpet, trombone, horn, tuba, guitar, violin, viola & cello.

Private lessons in keyboard, piano, electric guitar & drums.

# CULTURE

We celebrate the cultural richness within our school and provide an environment where students can find their true self. We believe that a deep connection to a student's individual culture, combined with an acceptance of others, is the route to self authenticity.

We want all learners to pursue personal excellence, develop resilience, show adaptability, self confidence, innovation and creativity. Our cultural programmes help to build community-focused citizens who uphold our College values in a positive, predictable and consistent way.

When our students are well connected, they show initiative, take responsibility and become collaborative learners for life. They are individuals with village hearts and global minds.

“ The best part about being a Katikati College student is knowing you are surrounded by supportive friends and devoted teachers who are always willing to help. While at Katikati College I have achieved many personal academic goals such as gaining an Excellence endorsement for NCEA Levels 1 and 2. I was also provided the opportunity to step into a leadership role as the Board of Trustees Student representative.

Katikati College is a diverse multicultural school with a unique and positive school culture. Although a small school, Katikati College excels academically and in extra curricular activities such as sports, continuously competing at the top levels. Katikati College is a school that provides many opportunities for students to develop and achieve academic success, leadership skills, and healthy relationship skills. It provides a positive learning environment where students will experience encouragement and motivation allowing them to achieve to the best of their abilities.”

**Xingang Wang - Student Representative on Board of Trustees** (Katikati Primary School)

# OUR WHĀNAU PŪMANAWA

**Whānau Pūmanawa is a whānau environment that seeks to sustain and nurture students' cultural values, tikanga and te reo Māori.**

Whānau Pūmanawa is a vertical form class incorporating Years 9-13. It exists to support the pastoral care and learning of Māori students.

# OUR AIGA

**Malo e lelei, Talofa lava, Ni sa bula vinaka, Malo ni. Aiga is a 'home away from home' for students of Pacific Island descent.**

One aspect of Aiga is a vertical form class for Year 11, 12 and 13 students. Students are academically mentored and cared for by Mrs Vetekina Pekipaki.

Cultural practices such as Lotu/prayer to begin the day are incorporated into the daily routine. The Aiga students lead the Pasifika activities in the school for example Pasifika Group performances and celebrations for Pacific Language weeks. Students are offered the opportunity to opt into the class when they finish Year 10

Students in Whānau Pūmanawa participate in te reo Māori classes and kapahaka, and have the opportunity to learn through various noho marae, haerenga and other experiences that strengthen their knowledge and participation in te ao Māori. Whānau Pūmanawa is supported by regular whānau hui.

or when they arrive from other schools. Regular Po Talanoa are held with families to share what is happening at school and build learning partnerships with the community.

Students say they enjoy being part of Aiga because they can learn about different cultures and languages, be a part of a supportive Polynesian family, learn new words and eat different types of Polynesian foods! "We get to experience other cultures, speak in our own languages and take part in Pasifika performances."

Students from Katikati College can compete at events such as the Pasifika by Nature and Pasifika Speech Competition.

# INNOVATIVE HORTICULTURE

**Horticulture at Katikati College is a modular, flexible and future-focused programme of learning that can really take students places in the many career paths available in this amazingly diverse, growing industry, or in other industries where innovation is key.**

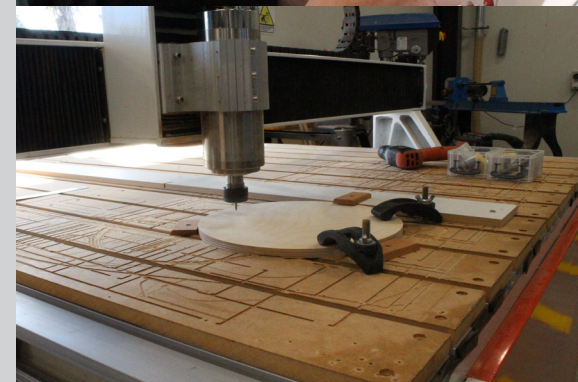

Students choose a pathway relevant to them personally, selecting topics from Science, Agribusiness, Marketing, Digital Technology, Sustainability as well as Plant Management, combining academic

knowledge and practical skills. Significant real life learning takes place on visits to orchards, nurseries and other horticultural ventures.

Career opportunities in horticulture are almost endless. Students could end up flying the drones which monitor crops, inventing robotic picking and packing machines, advising growers on how to achieve better results, working hands on outdoors picking, pruning and managing orchards, monitoring fruit quality in laboratories and packhouses, managing biosecurity or breeding new plant varieties, to give just a few examples.

Local industry supports students leaving Katikati College to enter a career in horticulture with generous scholarships and work experience.

For more information about our Innovative Horticulture Programme please use the link: <https://goo.gl/dBEsG1> or scan the QR code.

# TECHNOLOGY

The Technology Faculty is a vibrant and creative part of Katikati College. Students are taught many skills and techniques which they can then apply to projects. The range of outcomes is considerable. The faculty has adopted CNC technologies including 3D printing, vinyl cutting, CNC routing and CNC laser. Subjects taught are Digital Technology, Food and Hospitality, Fabric Technology, Engineering and Carpentry. As we move forward in education we are reminded that the soft skills of cooperation, commitment, innovation, and communication are of increasing importance as our students strive to find their place in the world.

# MANAAKITANGA

**At Katikati College, we pride ourselves on the Manaakitanga that we provide for our students through our pastoral care team.**

We have year level Deans who work with our students on maintaining their wellbeing and who provide academic mentoring.

Our Poumatua is a specific position that we have to better support our Maori students. We also have a full time guidance counsellor on staff.

A health nurse is based on site three days a week and the local medical centre runs a surgery at school once a week. This means that our students are able to access free health care through the College.

Our Year 7 students are involved in a peer support programme run by the Year 13 students. This enables the new cohort to feel more comfortable in transitioning into our school.

# GO HOUSE!

At Katikati College all our students become connected to one of our four houses; MacMillan, Gledstanes, Stewart or Mulgan. These bring students of all year groups together in common objectives and to participate in friendly rivalry and healthy sportsmanship events.

Our School Houses have been an important part of our tradition for close to 60 years. The aim of a House system is to foster school pride and the engagement of students so that they form a greater connection with the school through competing against and supporting each other.

The House system also gives our senior students the opportunity to support and set a positive example for our junior students. The House system acknowledges the importance of the history and traditions of the Houses.

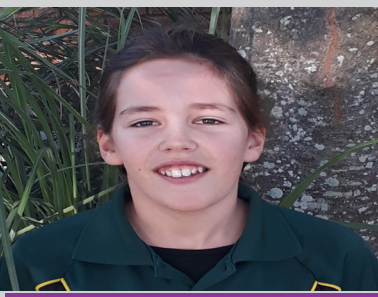

We have a number of activities that students are involved in that are House competitions. These include - Year 13 Camp, Swimming Sports, Athletics Sports, Divas & Divos, Cross Country, Triathlon, Lyp-Synch, Talent Quest, Haka & Waiata, Pasifika Dance, Art Work, House Chant, House Attendance.

## 2022 YEAR 8 HOUSE LEADERS

“MacMillan is a co-operative house that always tries our best. I feel that Macmillan house members are supportive of each other but also of the other houses as well. We are sporty and an amazing house overall. I am proud to be a leader of Macmillan House because we are great achievers. This also allows me to do more public speaking and step out of my comfort zone. Katikati College has plenty of subjects to choose from. The teachers are extremely nice to everyone they meet. Staff and students are very chill about everything and everyone seems to get along.”

**Edina Blincoe - MacMillan House Leader**  
(Katikati Primary School)

“Gledstanes is a house that always strives to do our best. It feels very good to encourage others and to try hard and work together. The best thing about Katikati College is we have lots of great teachers and the school is small enough for them to get to know us.”

**Leonard Hoskin - Gledstanes House Leader**  
(Katikati Primary School)

“Mulgan House is good because the people in it are very competitive and work well with each other. I am proud to be a leader of Mulgan because there are many different opportunities. The best thing about Katikati College to me is the different events and chances you get to do something new.”

**Shreya Patel - Mulgan House Leader**  
(Katikati Primary School)

“Stewart House is good because we all give everything a go and we are all supportive of each other. I'm proud to be a Stewart House leader because of the caring people and souls. What I like best about Katikati College is my friends and teachers. They care about you and your feelings. It makes school like my other home.”

**Haylee Howarth - Stewart House Leader**  
(Pahoia School)

# 2022 YEAR 10 HOUSE LEADERS

“ I think MacMillan is a good house because we are competitive and support each other. I am proud to be a leader of MacMillan because we are kind and welcoming and we have good sportsmanship skills. The best thing about Katikati College is that we are competitive when it comes to sports and academic activities.”

**Kaylie Clark - MacMillan House Leader**  
(Katikati Primary School)

“ I believe that MacMillan is the best house as we do incredibly well in all sporting and academic events. We all participate and have a go. I am proud to be a MacMillan house leader because MacMillan house always has fun and has some friendly competitions that we all enjoy participating in. The best thing about Katikati College is the people and the opportunities that we are given to participate in.”

**Chloe Salmon - MacMillan House Leader**  
(Katikati Primary School)

“ Some good things about Gledstanes are, we try our hardest no matter what. Our attendance was the highest at a point last year and we all put in as much effort as we can to get us house points. I am proud to be a leader of my house because I love to be a role model and for people to look up to me, I also enjoy sports a lot. The best thing at Katikati College would be the people around me, everybody is very caring and everybody has a good time no matter the situation.”

**Sunny Kaur - Gledstanes House Leader**  
(From Overseas)

“ I like Gledstanes because they show up and they've always had the best attendance out of all houses. I'm a proud leader at Katikati College because Gledstanes is always there and they're always ready to try their best. Best thing about Katikati College is you get a lot of opportunities no matter who you are.”

**Honey Kaur - Gledstanes House Leader**  
(From Overseas)

“ Mulgan house pupils are all very devoted and participate in all sorts of activities to make our house the best house there is. I am proud to be a Year 10 House Leader of Mulgan because it gives me the opportunity to represent and set examples for Mulgan. The best thing about Katikati College for me is how kind the teachers are.”

**Leo Willacy - Mulgan House Leader**  
(Katikati Primary School)

“ Everyone in Mulgan supports each other even if we don't win every time. We encourage others to participate in house activities and red is the best colour. I am proud to be a Mulgan House Leader because my house is welcoming, kind and has good sportsmanship. The best thing about Katikati College is the welcoming and kind people. We all help each other.”

**Hannah Gourlay - Mulgan House Leader**  
(Katikati Primary School)

“ Stewart house is great because everyone in the house is supportive of each other. I'm proud of my house and its achievements. The opportunities that Katikati College provides is an important part of school life.”

**Holly Sheridan-Wellington - Stewart House Leader**  
(Katikati Primary School)

“ I am co-house captain of the mighty blue house called Stewart. Since 1968 my family have been part of Stewart, first with my Uncle Wayne Harray and then my dad Neil Harray. My family have been in Stewart for my whole life even at Katikati Primary School all the way through to college. I am proud to be a leader of Stewart house because it feels like I am continuing on the family's legacy of being part of the blue house. The coolest thing about Stewart is that everyone in the house always gives everything a go and never gives up. My favourite thing about Katikati College is the competitiveness between houses at the sports and cultural events.”

**Jack Harray - Stewart House Leader**  
(Katikati Primary School)

# 2022 SENIOR HOUSE LEADERS

## MACMILLAN

“ MacMillan is all about positivity and supporting each other, I believe that's what makes it a good house. I'm proud to be a leader of MacMillan house because everyone in each year group is nice and welcoming and always has a good attitude towards events. The best thing about Katikati College is the people who make the school a good positive environment. I haven't come across someone who isn't friendly and welcoming. Everyone here is extremely nice and will support you to achieve your goals.

MacMillan house is an all round high achieving house with good positive attitudes. We have some great role models from Year 7 to 13 in our house who love to help out and get involved. I am proud to be a part of the leadership team and always appreciate the support from both other leaders and house members. I am also proud of the way we work as a team. ”

**Asha Martin** (Waimata School) and **Mikaela Salmon** (Katikati Primary School)  
- MacMillan House Leaders

## GEDSTANES

“ Gledstanes house team members enjoy doing activities win or lose. It makes us proud to be able to help influence younger students to do things to help out Gledstanes. At Katikati College we are able to have many opportunities to help us grow.

Our house colour, purple, represents our ever trying and ongoing nature. Despite not being one of the most athletic houses when it comes to school sporting events, our ever trying nature shines through during other school events, such as arts, cultural and academic events as well as through our attendance. We are proud of seeing Gledstanes students of all years giving things a go. Whether it was running in the relays, joining as many swimming races as possible, or being focused and attentive during house meetings! We have always found that people here are very inclusive in all areas of the school, which has really made my experience at Katikati College more valuable.

Gledstanes is a fun and welcoming house who can keep moving forward despite the result. Gledstanes is a caring and friendly family of students, with outstanding teamwork and unity. We'd all love for you to join us. Let's go Gledstanes! ”

**Danielle McCormick** (Matahui School), **Elise Moore** (Otumoetai Primary School),  
**Finn Atkins** (Katikati Primary School)

# STEWART

“ Stewart house is known for being incredibly competitive and successful. We’ve won many sporting, cultural, and academic competitions over the years and everyone is really good at participating. It’s a really friendly house and we love to welcome new Stewart members. This allows students from different year groups to interact and socialise through house competitions. We have the best house spirit and the support you receive from the other members of the house

We are really proud of Stewart house because everyone tries really hard to get house points and do the best they can. Everyone is really encouraging and we love seeing all of Stewart House come together and support each other on days such as athletics. We are proud to be House Captains because it gives us the opportunity to motivate our house to participate in activities to their greatest ability with a competitive spirit.

The best thing about Katikati College is the endless opportunities. People have done some really amazing things both in and out of school, due to the opportunities offered to them. The best thing about Katikati College is the support that is given to you throughout your school years and the relationships you build with your peers and teachers, the countless friendships you gain throughout the 7 years of college. ”

**Jack Wynne** (Pahoia School) **Caitlyn Meade** (Katikati Primary School), **Lola Meeking-Coad** (Katikati Primary School) - **Stewart House Leaders**

# MULGAN

“ Mulgan has many good qualities including strong work ethic and admirable attitudes towards house competitions. Mulgan is well known for our cultural and academic events, but what’s so good is that everyone gets involved and tries their best to succeed. From competitive swimmers and runners, to people willing to give anything a go and creative people coming up with great ideas. Mulgan house is a space of inclusion, kindness and cooperation.

We are proud to be leaders of Mulgan House. It’s a very rewarding feeling to be in this position today and to be able to give back to the school. Being a role model for the younger generation and the positive influence we can have on their school lives.

The best thing about Katikati College is how everyone is treated equally so everybody feels safe and cared for. The students and teachers are welcoming towards everyone and are always there to help those who may need it. We have a small school vibe which makes everyday at school more enjoyable. The best thing about Katikati College is its community basis. The school students and teachers look out for one another’s best interests while keeping their heads held high. To be part of a school that cares for not only its student body but also its wider community is something special. ”

**Olivia Astwood** (Katikati Primary School), **Porsche Mitchell** (Te Puna School), **Leo Morley** (Katikati Primary School) - **Mulgan House Leaders**

# THE GREAT OUTDOORS

## EDUCATION OUTSIDE THE CLASSROOM

**We discover much about ourselves through exploring the outside world. Our staff are always looking at new and innovative ways of connecting the school's teaching and learning programmes to interesting and meaningful experiences outside the classroom.**

Education Outside The Classroom (EOTC) is a generic term used to describe curriculum-based learning and teaching that extends the four walls of the classroom and is a key component of secondary school life in New Zealand.

At Katikati College there is a wide range of exciting EOTC opportunities. Some of these include year group camps (Years 7, 8, 10 and 13), sports based trips and tournaments (local, regional and national competitions), performing arts performances and curriculum/subject trips (e.g. art trips to Wellington/Auckland, surf, paddle boarding and mountain biking trips, 4WD Mount Tarawera and many more).

# SENIOR LEADERSHIP

## LEADING BY EXAMPLE

**Our Senior Leadership students take pride in their responsibility of nurturing the juniors and setting the tone for the school.**

We believe that every student who joins our school has the potential to be a Senior Leader one day. We nurture and encourage every single one to find their true potential.

We thank these students for their contribution to the College throughout their years, but especially in 2022 where they excelled in their roles as leaders of our school. Here they share their thoughts:

“The best part about being a student at Katikati College is the connections you get to form with the whole school, as we are a smaller school compared to other schools in the area. You really get to know each and every student and teacher on a personal level and create some lifelong friendships. Throughout my time at the school, Katikati College has guided me to succeed with my academics. I feel confident applying to many top universities around the country, as well as the possibility of overseas tertiary education. I have been able to excel in my chosen sporting disciplines - hockey and equestrian where I have had many opportunities to play in tournaments, compete at North Island events and represent the school on many occasions.

I have also had many opportunities and successes within the music department at school playing in the Katikati College Concert Band, where we have competed at Waikato, Matamata, and Rotorua music competitions on a regular basis.

The school has developed my leadership skills by allowing me to attend many leadership days and functions from Year 7 all the way through to Year 13. This has helped me to be Mulgan House Captain in Year 8 and Head Boy for Katikati College this year. I am incredibly proud to be a student at Katikati College because we may be a small school but we produce many amazing achievements that many big schools dream of. The hard work and dedication I see so many of our students and staff put into our school make me so excited for the future of our school. I would like to say to all students and parents who are considering Katikati College as their choice of education to just enjoy it, as the time really does fly! I recommend giving all the opportunities the College provides you a go, as it is these opportunities allow you to grow as a person and learn many life lessons. If you have a dream or a goal Katikati College is a school that will guide and mentor you on a path throughout your time at the College to achieve these goals.”

**Anton Turnwald - Head Boy** (Pahoia School)

“The school is small and community-based, which allowed me to make connections with lots of students. There's a wide range of opportunities available during your time here at Katikati College including fields in performing arts, science, sporting, and culture. Our school celebrates many cultures as we are diverse, with students and teachers coming together to appreciate each other's cultures. This is a pretty cool part of being a Katikati College student. Most of us have grown up together after attending Katikati Primary School across the road. It's great to see everyone grow. At Katikati College I have been able to grow my confidence through many leadership opportunities and courses.

I am currently in the role of Head Girl and it has been a great experience so far. I have been able to connect with other leaders in the Bay of Plenty. Being able to organize a blood drive, and attend the future leaders' course have been a couple of the opportunities that I have been able to take on to make me proud of my time here at Katikati College. It feels like a community; we have successful sporting teams, amazing performing art groups, and high academic rates which also makes me proud to attend Katikati College. We have a community spirit that brings us all together as one.

I would advise all new families to be open to opportunities and get involved in extracurricular activities. By saying yes to more opportunities you are able to connect with so many different people, share ideas, and learn from each other. It makes attending Katikati College that much more exciting and enhances your school life.”

**Lavleen Kaur - Head Girl** (Katikati Primary School)

“ I think the best part about being a Katikati College student is you're surrounded by a community that supports, encourages and believes in you. I've been able to achieve many things here at Katikati College, from getting involved with groups, sports, and culture. Whanaungatanga is the long lasting relationships you build with people at Katikati College. My advice for a student considering Katikati College is to get involved, find a sport or group, like chess, to be a part of because trust me it helps, it gives you an opportunity to relax, have fun. Say yes to every opportunity that comes your way. My advice for parents, encourage your child to play sports, get involved with groups and let them try as many things as they want.”

**Te Ata-a-rua Hansen-Cribb Deputy Head Girl**  
(Waihi Beach School)

“ The best part about being at Katikati College is how tightly knit the community is. It allows you to make close bonds with your peers and teachers and have better relationships with the people surrounding you which you just wouldn't see at a big school. I have been able to achieve several things at this school. I have been able to win a war story competition, a local Lions Club art competition, and have been able to be a part of a team that won the Tauranga Hockey division 1 women's last year. Whilst I have been here I have also achieved NCEA Levels 1 and 2 with excellence endorsements where I also received top in English both years. Through the help of the hockey community at this school, I have also been able to advance in refereeing to the point that I referee both boys and girls secondary school division 1 hockey. On top of all else, I have been able to make wonderful connections with the people around me.

The people in this community are extremely nurturing and supportive of your pursuits. You are able to bond with people over a range of things. Whether it is sporting, cultural, academic, or arts, you are able to find people at this school that share your common interests. This school helps you to try new things and always offers you new opportunities. I would give them the advice to try and keep their options wide. Try as many opportunities as possible and take advantage of all the wonderful things this school has to offer.”

**Eva Freeman - Academic Captain** (Katikati Primary School)

“ The College has provided me with many great opportunities and helped me achieve through sports and academics. I have been involved in many sports, leadership groups and committees and becoming Deputy Head Boy is a huge honour. Being offered this leadership position has given me the chance to give back to Katikati College for everything the teachers and students have done for me. Our school is very successful in sport, academic, cultural and art and has received many great achievements over the years. Even though the other schools in our area are bigger, we can still compete with them and even win against them. For new students arriving at Katikati College, make sure you take every opportunity the school offers so you have no regrets in the future.”

**Luke Spurr - Deputy Head Boy**  
(Katikati Primary School)

“ The best part about being a Katikati College student is the supportive and encouraging nature of the school. As students we are encouraged to try our hardest in everything we do and make the most of the opportunities that are available to us. While at Katikati College I have been able to achieve many things, especially within my academics. Katikati College has provided me with resources to reach my academic goals, and it has also given me the opportunity to further my leadership skills through the role of Academic Captain. I am proud to be a part of our school because it is extremely welcoming and caters to everyone's needs in many different aspects, such as academics, sports, culture and arts. My advice to students/parents considering Katikati College is to get involved with as much as possible, try new things and don't be afraid to get out of your comfort zone.”

**Freya Owen - Academic Captain**  
(Pahoia School)

# SENIOR LEADERS IN SPORTS

“The best part of being a Katikati College student is the quality relationships with teachers and students which made school more enjoyable over the years. I have been able to achieve everything I have wanted to as a student at Katikati College. This includes my role as Sports Captain and many sporting opportunities and achievements. The overall success across the school including sporting, cultural, and academic achievements make me proud to be a Katikati College student. My advice is to take every opportunity and chance to try something new and give it a go.”

**Bella Bryant - Sports Captain**  
(Katikati Primary School)

“The best thing about being a Katikati College student is the variety of opportunities in which we have the choice to participate in. While at Katikati College I have been able to achieve a range of things, including sports and leadership roles. Being a member of the Prem 1 netball team and being named one of the Sports Captains for 2022 are two of my proudest accomplishments. I am pleased to be a member of Katikati College as the students and faculty are extremely supportive of sports, academic, and cultural events. I would tell future students and caregivers to follow their own paths and take advantage of the possibilities that come their way.”

**Kate Harvey - Sports Captain**  
(Katikati Primary School)

“The best part about being a Katikati College student is the supportive atmosphere of the school. Our school shows one on one support to enable the best for the students. While at Katikati College I have been able to achieve many things in my academics and sports like being involved in netball and volleyball. I've also been given the leadership opportunity of being one of the Sports Captains. I am proud to attend Katikati College due to the positive atmosphere of the school. The advice I would give to students is to look for the best in every situation.”

**Chantelle Wenzlick - Sports Captain**  
(Katikati Primary School)

# IN THE ARTS

“The best part about being a Katikati College student is being able to interact and learn from others at school. The opportunity to learn and grow, surrounded by supportive friends and family, is something I am grateful for. I have been able to gain hard working characteristics, which have helped me to achieve excellent results in classes such as Music, Physics, Calculus, and English. I achieved the standard which I desired and am proud of the results and effort I have put into these accomplishments.”

I am proud of the time I have spent here at Katikati College and am grateful for the experiences that have provided me with higher capabilities and skills. For anyone considering Katikati College, I would say to throw yourselves into new opportunities, try new things, use your time here to expand on your talents and discover your interests. Doing these things will help make school memorable and useful for you.”

**Teancum Osman - Arts Captain**  
(Gordonton School)

“The best thing about being a Katikati College student is the opportunity to express and find myself in the experiences the school offers me, from Showquest to band work. The freedom the school offers me has brought me to where I am today. I have managed to achieve lead positions in A.V (Audio and visual) as well as numerous academic achievements, including passing NCEA proudly with Merit endorsements.”

I am proud of our attention to community, the people and the way we socialise in an environment you don't see everywhere. The combination of our small local town and the outer towns, brings people with strong connections. Although the curriculum may be hard at times, bringing a good motivation to learn will help you succeed.”

**Zaide Farrell - Audio Visual Captain**  
(Katikati Primary School)

“ The best part about being a student at Katikati College is meeting new people and having lots of different career paths available. Whilst being a student here I have been able to be part of the Audio Visual team. It makes me proud to look back at everything I’ve been able to achieve during my time here. To new parents and students come along, there are so many different things to do. ”

**Damien Burton - Audio Visual Captain**  
(Katikati Primary School)

...AND CULTURE!

“ Katikati College is a very multicultural school. We are involved in many cultures that include the Kapa Haka competition, Pasifika, cultural week and celebrating different festivals with all the students and teachers. Through being a part of Katikati College I have achieved my goals, these include increasing my leadership skills and building confidence in myself. I am proud to be Katikati College Cultural Captain, where I get to know all the cultures in school and make them stand out in the community. My advice to the future students at Katikati college is to take every opportunity that comes your way. You never know where these opportunities will take you, get involved in the school and give back to the teachers and staff that have worked hard for you. ”

**Naaz Hasan - Cultural Captain** (Overseas School)

“ The best thing about being a student at Katikati College is there is a diverse range of friendly pupils to get along with, I have been able to achieve a significant amount more than I thought I could. We are a really community orientated school so helping out the community and others around me makes me proud. I believe this school is great for students who love to be hands-on and being involved. We focus on manaakitanga and kotahitanga. ”

**Alexander Lund - Cultural Captain**  
(Matahui School)

RANGATIRATANGA

# BAY OF PLENTY

## BETWEEN MOUNTAINS AND SEA

**Katikati is a bustling rural town in the heart of the Bay of Plenty region. The picturesque coastline is dotted with towns, each with its own unique character. Katikati is no exception!**

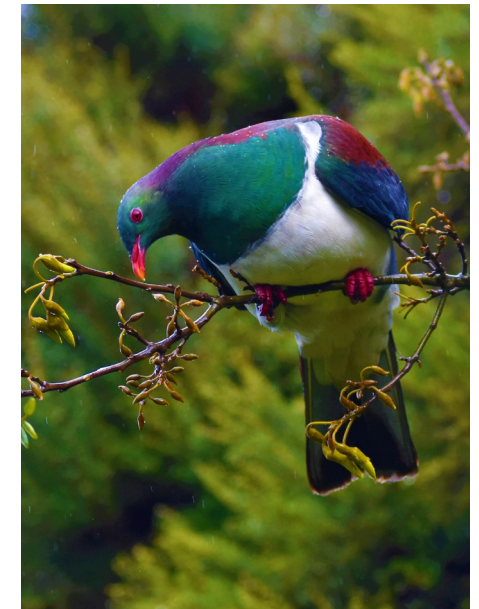

Nestled in behind Matakana Island, Katikati is both close to the coast and protected from it. The estuary and wetlands nearby are a perfect place for boating, kayaking, cycling and coastal walks. The great outdoors are never far away and our international students are often astounded by its beauty and the range of opportunities there are to explore it.

Cultural art is also an essential aspect of life here and the town boasts the acclaimed 'Haiku Pathway'. This is an art walk which weaves alongside the river which flows through the heart of town. Art is a way to embrace and celebrate all cultures ... and everyone is welcome here.

Auckland international airport is only just over 2 hours drive away from the school. The closest city is actually Tauranga which is 30 mins drive away and even this has a famous surf beach known as Mt Maunganui. There are a number of other popular surf beaches all within a short bus ride, as well as places to scuba dive and fish. There are

many features of the area to continually surprise and entertain residents and visitors alike. In fact, the Bay of Plenty is a popular holiday destination for New Zealand families. The warm weather and relaxed locals are a magnet for summer holidays.

Surrounded by orchards and rolling green farmland, Katikati is quite simply a safe and peaceful New Zealand country town.

# OUR PRESENT AND FORMER INTERNATIONAL STUDENTS

In 2023 we look forward to being able to welcome international students back to our school.

Katikati College is a place where international students are embraced into our community by our staff and students alike. They arrive as strangers and leave as friends for life.

“ I came here just two and a half years ago to improve my English skills. Now, I have not only improved my English, but have gained life skills important to me. Before I came here, I was really worried about making friends because I'm kind of a shy person and not good at English, especially speaking. Actually on the first day of school, I couldn't speak to others in spite of knowing I should.

However, students of Katikati College were really kind and nice to me. They talked to me a lot and taught me when I didn't know something. They helped me to get used to school. Thanks to them, I've improved my English a lot. I'm sure these students will be the treasure in my life.

As well as making friends, I've learnt a lot. At first, I had no idea what the subject of Horticulture was because it's not a common subject in Japan and I didn't understand English so well. I was overwhelmed when I first had that class.

We are comfortable hosting students from different countries and we understand that it's essential to be both culturally sensitive but also fully inclusive into ours. We have robust procedures for ensuring that it's an enjoyable experience for everyone. Here are some messages from former international students.

The teacher of the Horticulture class explained about corn pollination and germination and gave us a garden. It was too much information for me and I was so confused about what I should do. But they taught me so clearly and patiently. And now I really enjoy my class although I've never done this subject before. My mind has been opened to how enjoyable Horticulture is.

I have had a lot of good experiences with my host family also. My host family is really kind and nice. They have a huge orchard. I saw kiwifruit and avocados on the trees for the first time and I actually experienced grading and picking blueberries. I'm from Tokyo which is the biggest city in Japan, therefore these experiences were absolutely new for me. My host family accepted me to help to do these things willingly so this is part of my great memory.

I've enjoyed it here so much I'm planning to stay and study at University in New Zealand. ”

**Nana Matsubara, Japan**

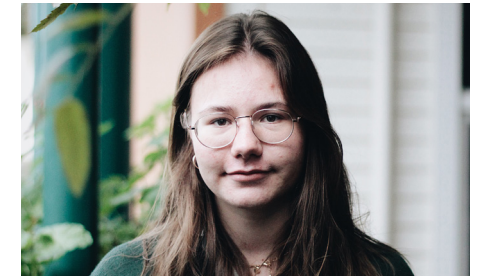

“ I came to New Zealand to improve my English and to meet new and different people and to see the country. I was very excited but also a bit nervous.

Katikati College is definitely easier and more fun than a German school. You can choose the subjects and do more practical stuff. The relationship and atmosphere between the teachers and students is so different you are talking about your private life and not just about school which makes school a lot more fun. The classes are more relaxed as well and not that strict.

The subjects we could choose are so different from the ones I'm used to in Germany. Here I could take for example Outdoor Education, Coasties and Hospitality. The people in New Zealand are really friendly, funny, talkative and connected to nature. I made some really good friends and it will be so sad to not see them everyday anymore. I really enjoyed my time here and the trips I did with my families, friends and the Outdoor Education class.

It was the best decision to come to New Zealand for an exchange year. I learned so much new and interesting stuff. New Zealand is the most beautiful country and I will definitely come back to see all my friends. I will miss the people and the school so much! Thank you so much to everyone who made this time special! ”

**Finja Meyer-Hansen, Germany**

“ I came to New Zealand in January 2020 to learn about the different cultures, but also to improve my English. I was a bit afraid to start a completely new life in a country on the other side of the world without knowing anyone and having no friends. My first day in school was just with the international students, we got to know each other better. I was still a little bit scared to start school properly, but everything worked out pretty well.

My host family was perfect and I found really good friends. It was really hard to understand the people here, because everyone talks really fast, but I got used to it.

The school system over here is completely different than in Germany. You can choose your subject, which I think makes way more sense because you actually study what you're interested in. The students are really nice and open and the teachers are always willing to help you. My favorite subject here is probably Horticulture. Even though it's sometimes a little bit harder to understand, I really enjoy it. Coasties is also one of my favourite subjects. Learning how to surf and about the waves is really cool, especially because we don't have the opportunity to do this in Germany.

The landscape in New Zealand is absolutely amazing. All the sunsets and nature is just incredible. I live in a city in Germany, that's why it is a completely new experience.

My time here has been absolutely amazing and I am so grateful for everyone who made this year so special and I can't wait to come back and see everyone again. ”

### Nike Warthorst, Germany

“ I came to New Zealand in January 2020. When I was 14, I decided to study abroad to improve my English skills. I was looking for a high school where I could study abroad for one year. And I enrolled in a study abroad course at Shigakukan High School. There are 24 students in my class. And they attend other schools around NZ like Waihi, Thames, Paeroa and more.

When I first came to Katikati College I was surprised. Of course the different food and people but what surprised me the most was that there was nothing to do in Katikati. At first I wanted to go back to Japan and hang out a lot. But after a few weeks I started to understand the good points of Katikati. For example nature like stars, beaches, plants and the small community. I've never seen that many stars in Japan and clean air and beaches and kind people. Katikati is a close community so we can see our friends easily. In Japan everyone lives a little far so it is hard to see high school friends.

There are many differences between Shigakukan High School and Katikati College. First we can take the subjects

we really want to focus on. This school has many subjects and we can choose, for example Art, Photography, Fabric, Technology, Outdoor Education, Maori and in Japan, we have 14 subjects and every month has a big test for each subject. When I was in Japan, we had 7 classes a day and school finished at 4:30pm. After that we take the train and walk home, I usually get home after 6pm. But in Katikati College, school finishes at 3:05pm and I take the bus and get home at 3:40. I have so much free time. Moreover, the school does not give much homework.

I also experienced some difficult things in New Zealand. Some people were mean to me, but my friends helped me so many times and that was a good experience and made me stronger.

Three months after I came to New Zealand we got locked down due to the influence of COVID-19 for five weeks. That was really hard for me because I really couldn't go anywhere, but I got used to this situation.

I experienced a lot in New Zealand and so many people helped me. ”

### Takuto Watanabe, Japan

“ When I first came everything was so exciting: new environment, a new family and a new school of course. The first few days were about finding friends, choosing classes and getting used to the different school system. I think I got used to it pretty fast though.

School here is way easier and more fun than back in Germany, the subjects are different for example Outdoor Education, where we do lots of funny trips or Hospitality where you cook different types of food. The teachers are really nice and are always open for any kind of problem. The classes are more relaxed and not that strict like in Germany. The teachers and students make jokes together and have a relationship which is based on having fun while you learn new stuff.

My time started being really good when I changed my host family to one which suited me better. If you are not happy in your homestay, tell someone because that's what it is all about- feeling at home and part of a family, laughing a lot and having some wonderful experiences. The teachers and local coordinators will always help you with any kind of problem.

New Zealand is the most beautiful country I have ever been - the stunning sunsets and sunrises, nature and just everything around. I'm really thankful for everyone who made my time here so wonderful. I will definitely come back to see everyone again with my German best friend who I first met here at Katikati College.

I'm so happy that I came here and I can tell it was definitely the best decision which I ever made. I learned a lot and I still am and I don't even miss my home a bit.

New Zealand is such a beautiful country with wonderful and very kind people around and you will definitely miss out if you don't come! ”

### Fiona Kuelper, Germany

“ The first time I came to New Zealand was 2.5 years ago. When I first came here everything was new for me: friends, environment, culture, language - I didn't know how to speak English at all.

I guessed it would be a hard time for me to live here but I changed my mind when school started because most of the people here were very kind and really friendly to me. The teacher and my classmates always helped me and also gave me advice during the class and I started to realise that study here is not too hard at all. It was not only at school that I received a warm welcome, but also from my host family as well.

The environment in Katikati is also really different from where I came from in Thailand, especially the part that I live in Bangkok. In Katikati, there are a lot of trees, not many buildings and also not too busy with people. However that doesn't mean there is nothing interesting in Katikati. There is a beach, lots of interesting clubs and events and also lots of school trips and especially with the international student school trips as well.

After all these years I have spent here I can say that studying here in Katikati College will give you good memories, improve your English skill and also lots of good experiences. ”

### Phamake Chaikueakun, Thailand

# KATIKATI COLLEGE ENROLMENT FORM

Please fill in this form and hand into the school office with copies of the required documentation.

Student's Surname: \_\_\_\_\_
